Textile Surface Protector RM 762 (Care Tex)

Kärcher RM 762 forms a dirt-repellent film on carpets and upholstery to delay re-soiling and simplify vacuuming.

Made in Germany

Properties

- Protective textile treatment that creates a dirt-repellent barrier across fibres to guard carpets, upholstery, and car seats against spills.
- Delays subsequent re-soiling by preventing grime from penetrating into fabric fibres, simplifying routine vacuuming.
- Provides an invisible protective barrier that helps maintain the appearance of soft furnishings. Compatible with Kärcher spray extraction devices. Bottle body made from 100% recycled plastic (excluding cap and label).
- Tailored to Kärcher devices with guaranteed material compatibility.
- Bottle body made from 100% recycled plastic (excluding cap and label).
- Made in Germany

Application areas

Integrated odour absorber to remove unpleasant smells.

1L bottle yields 40L of cleaning solution (approx. 40 m²).

Carpets & Rugs

Upholstery

Usage options

- Car seats

We would be happy to advise you: Kärcher (U.K.) Ltd. * Kärcher House * Brookhill Way * Banbury * Oxon OX16 3ED

Application

Car seats

- Textile surfaces must be thoroughly vacuumed and cleaned in advance before applying the protective impregnator.
- Mix 500 ml of Care Tex carpet impregnator concentrate with 2 litres of clean fresh water.
- Add the prepared solution to the fresh water tank of a Kärcher spray extraction machine, spray evenly across fabrics at a distance of approx. 30 cm using the spray extraction nozzle, and allow to dry thoroughly without rinsing.

Instructions for use

- Allow a full drying time of around 6 hours (varying slightly with room temperature and humidity), ensuring the room is well ventilated throughout.
- Do not walk on or use moist textile surfaces until they are completely dry, and verify surface waterproofness and colourfastness prior to full application.
- Ventilate room well during and after application.
- Vacuum again after cleaning absorbent textiles (wool).
- Store away from frost.
