Arrangement of the bristles

- The arrangement of the bristles in a row enables crevices to be cleaned precisely and efficiently.
- The XXL crevice brush cleans crevices quickly and effectively and even picks up dirt that has accumulated in deep-lying areas.
- Crevices in bathrooms and kitchens look good as new again.

Manoeuvrable joint

- The flexible joint of the XXL crevice brush ensures easy and effortless cleaning of crevices from different positions and angles.
- Using it with our steam cleaner's extension tubes is very convenient compared to manual crevice cleaning. This can all be conveniently done while standing.

High quality material of the bristles

- Long lifetime thanks to extremely low-wear bristles.
- Can be used on cement joints, cannot be used on silicone seals.
