Hotels, gastronomy, catering	Smoke-curing systems, grill stands
Municipal	Large-scale kitchens
Retail	Smoke-curing systems, grill stands

Technical data

Container sizes	Packaging unit	Part number
20 l	1 Piece(s)	6.295-560.0
200 l	1 Piece(s)	6.295-561.0

Application

High-pressure cleaners

- Combine the product with the appropriate dosage and fresh water.
- 1-80°C processing temperature.
- Wet object completely with the product.
- Allow to soak.
- Contact time 1-5 minutes, depending on the degree of soiling.
- Rinse with clear water.
- In food-processing applications, rinse thoroughly with drinking water.

Spray attachment

- Combine the product with the appropriate dosage and fresh water.
- Wet object completely with the product.
- Allow to soak.
- Contact time 1-5 minutes, depending on the degree of soiling.
- Rinse with clear water.
- In food-processing applications, rinse thoroughly with drinking water.

Instructions for use

- Test on an inconspicuous part for material compatibility.
- Do not let the cleaning solution dry out.
- Rinse hot water units with cold water for at least 2 minutes.
- Using cleaning agents and disinfectants alternately is recommended in order to prevent the formation of resistant bacterial strains.
- Clean the cleaning machine after use.
- Store away from frost.
