PressurePro Machine Protector Advance 2 RM 111

System care for effective protection of the heating coil and water-conducting parts of hot water high-pressure cleaners, preventing lime deposits in hard water and corrosion in soft water.

pH value 12
in concentrate

Made in Germany

Properties

- With integrated corrosion protection for all parts that come into contact with water
- Protection against black water contamination (rust generation in the heating coil in the case of very soft water)
- With pump care additives for continuous lubrication and care of the high-pressure pump
- Effective calcification protection for hot water high-pressure cleaners
- Specially for devices with system care adaptation
- Suitable for use in oil separators
- NTA free

Application areas

Agriculture	Transport and machines
Car dealership and garage	Car/engine wash
Building Industry	Transport and machines
Metalworking industry	Degreasing, phosphating
Industry	Surface degreasing
Municipal	Car/engine wash
Haulage contractors, bus operators	Car/engine wash
Machine protector	Machine maintenance, limescale protection and pump care

Usage options

- Hot water high-pressure cleaners

Technical data

Container sizes	Packaging unit	Part number
1 l	6 Piece(s)	6.295-629.0

PressurePro Machine Protector Advance 2 RM 111, 0.011-798.0, 2026-11-13

We would be happy to advise you: Kärcher (U.K.) Ltd. * Kärcher House * Brookhill Way * Banbury * Oxon OX16 3ED

Application

Hot water high-pressure cleaners

- Set the dosage according to the water hardness (done by service technician).

Instructions for use

- Store in a frost-free place.

Warnings and safety recommendations according to EC Directives

- EUH 210 Safety data sheet available on request.

Further information

- Material Safety Data Sheet (MSDS)

Dosage and yield

Contents	Cleaning method	Dosage	Productivity
1000 ml	Hot water high-pressure cleaners	6 ml/°dH m^3	6600 l
