

FloorPro Crystallising Agent RM 749

Agent for the dry crystallisation of calcareous floors made of marble, terrazzo or artificial stone – for harder, more durable, glossy floors.

pH value 1
in concentrate

NTA-free

Properties

- Effective crystallising agent for all calcareous stone floors such as marble, terrazzo, artificial stone
- Creates a hard-wearing surface by compacting the stone
- Gives a new sheen
- The character of the stone is preserved
- Makes future cleaning of the surface easier (less resoiling)
- Extremely economical
- Can be walked on immediately after application
- NTA free

Usage options

- Scrubber-dryers
- Single disc machines

Application areas

Car dealership and garage	Calcic stone floors
Building cleaning	Calcic stone floors
Hotels, gastronomy, catering	Calcic stone floors
Municipal	Calcic stone floors
Retail	Calcic stone floors

Technical data

Container sizes	Packaging unit	Part number

Application

Crystallising

- Clean surface thoroughly.
- Rinse with plenty of clear water and soak in water until all dirt and cleaning agent residues have been removed.
- Leave to dry.
- Set up the device with the appropriate brush/disc.
- Pray the product onto the surface to be treated in sections (per m²).
- Distribute product evenly with mop.
- Polish surface immediately with device.
- Repeat process if necessary, until the desired degree of gloss is achieved.
- Brush off the crystallising agent from the surface with plenty of water and standard brushes.
- Vacuum surface with wet and dry vacuum cleaner.

Instructions for use

- Test on an inconspicuous part for material compatibility.
- Fine grind any heavy wear and scratches on the floor before treatment.
- Use only acid-proof spray units for application.
- Store away from frost.

Warnings and safety recommendations according to EC Directives

- Danger
- H302 Harmful if swallowed
- H290 May be corrosive to metals
- H314 Causes severe skin burns and eye damage
- P280 Wear protective gloves/protective clothing/eye protection/face protection.
- P305 + P351 + P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
- P310 Immediately call a POISON CENTER/doctor.
- P303 + P361 + P353 IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water [or shower].
- P405 Store locked up.
- P501a Dispose of contents/container in accordance with local/regional/national/international regulations.
