System Cleaning Function

Proven Kärcher technology for optimum cleaning results

- Cleaning deep into the fibres of textile surfaces.
- Low residual moisture for quick drying of textile surfaces.
- Effortless and fast cleaning due to spray extraction cleaning method in combination with a powerful yet energy-efficient motor.

Specially developed accessories for easy fibre-deep cleaning

- The upholstery spray extraction nozzle can be used to clean ingrained dirt quickly and easily, while the spray extraction crevice nozzle makes light work of cleaning particularly hard to reach areas.
- Integrated spray hose for added convenience when cleaning.
- Long, highly flexible suction hose for added convenience when cleaning.

Hygienic flush function

- After cleaning, the device is cleaned using the flush function. This removes any residual dirt and avoids unpleasant odours from the build-up of bacteria.
- Enables immediate storage of the clean device.
