

RCV 3 ROBOT VACUUM CLEANER

The smart RCV 3 comes with precise LiDAR navigation and convenient app control to fully customise your cleaning routine. The machine also has a wiping function for hard surfaces.

Order no.

1.269-621.0

- Precision LiDAR Navigation
- Wiping cloth for wet cleaning, carpet sensor

Technical data

EAN code		4054278987156
Battery powered device		1
Battery charging time	min	230
Battery type		Lithium ion battery
Battery capacity	Ah	3.2
Running time per charge	min	120
Dirt container	ml	500
Suction Power	Pa	2500
Sound power level	dB(A)	67
Number of current phases	Ph	1
Voltage	V	100 - 240
Frequency	Hz	50 - 60
Colour		white
Software updates available until		2030-12-31
Weight, base station	kg	0.6
Weight incl. packaging	kg	6.8
Dimensions, base station (L x B x H)	mm	80 x 150 x 102

Scope of supply

Cleaning brush
Filter: 2 x
Wiping cloth: 2 x
Dirt container
Charging station

Equipment

autonomous cleaning
Fall sensors
operation using app
Voice output
Timer program: several timers possible
Cleaning modes: Dry cleaning

Simultaneous Vacuum & Mop

- For even better cleaning results, the RCV 3 can also damp mop. If needed, use the wiping unit with microfibre cloth, fill the fresh water tank and you are ready to go.
- The RCV 3 cleaning robot can either be used for dry cleaning only, for wet mopping only, or with both options together in combined cleaning mode.

Precision LiDAR Navigation

- LiDAR sensors on the RCV 3 allow it to have precise room recording and create detailed mapping for safe cleaning.
- With its fast and robust LiDAR navigation, the RCV 3 scans your rooms and thus has the best maps to navigate safely and reliably through rooms, even in the dark.

Fall sensors

- The fall sensors reliably prevent the RCV 3 from falling down steps or drops.
- The sensors scan the floor. If a large drop is detected, the robot receives a signal, triggering it to turn around.

EQUIPMENT FOR RCV 3 ROBOT VACUUM CLEANER 1.269-621.0
