MC 250 ZERO EMISSION

Fully electric.The MC 250 e!ectric cleans quietly, efficiently and without local CO_2 emissions. With its excellent range and outstanding cleaning performance, it impresses for an entire shift.

Made in Germany

Order no.	1.442-264.2

- High cleaning performance with long run time
- Convenient handling
- Electric, quiet in operation

Technical data		
EAN code		4066529122018
Drive type		Electric
Traction drive		Two-wheel drive
Motor rating	kW	max. 90
Driving speed	km/h	min. 0 – max. 60
Working width with 2 side brushes	mm	2625
Working width with 3 side brushes	mm	2710
Waste container	l	2500
Water tank	l	80 – 400
Fresh water tank	l	265
Wheelbase	mm	1980
Permissible total weight	kg	6000
Dimensions (L × W × H)	mm	4491 × 1300 × 1995

Electric drive concept

- Powerful electric drive: for hydraulics, fan and drive mode.
- Quiet and durable: efficient operation over long working days.
- Without local CO_2 emissions: cleans without exhaust gases.

Spacious 2-person comfort cab with optimal view of the work environment

- Intuitive, simple and user-friendly operation.
- Hydro-pneumatic suspension for a high level of driving comfort – independent of the load.
- Multi-function display in the steering wheel rim to quickly check operating status and settings without having to take your eyes off the work environment.

Largest waste container in its class

- Flow-optimised stainless steel waste container with over 2 m^3 volume.
- Allows long periods of use and increases efficiency and productivity.
- Water reclamation system with separate water tank as standard
