DIRT BLASTER

The decalcifying agent is instantly effective on all inorganic deposits: the PressurePro Descaling Acid RM 101 from Kärcher quickly removes even the most stubborn lime and detergent residue while also offering lasting corrosion protection in the water-conducting parts of cold and hot water high-pressure cleaners. RM 101 can restore the performance of calcified heating coils, thereby increasing the water flow, reducing the energy consumption while cleaning and improving the overall unit performance.

Order no.	4.114-022.0

Technical data		
EAN code		4054278175867
Max. Pressure	bar	180
Pressure	bar	max. 180
Temperature	°C	max. 60
Nozzle size		50
Size		Small
Connecting Thread		EASY!Lock
Colour		Anthracite
Weight incl. packaging	kg	0.3

Up to 50 % higher cleaning and area performance than its predecessor

- Enormous time saving.

Minimised power losses and improved spray quality

- Improved cleaning power for removing stubborn dirt.

The rotating point jet on the rotary nozzle combines the advantages of a point jet and flat stream

- High cleaning power as well as high area performance.

COMPATIBLE MACHINES

- HD 10/21-4St
- HD 8/18-4 St
