DIRT BLASTER

Our gel-like PressurePro Facade Cleaner RM 43 is the comprehensive cleaning solution to protect house facades from weather and other influences in the long term, to retain their value and to reduce expensive renovation measures. Whether it's stone, clinker, rough-cast plaster, plastic, wood or glass facades: rain and moisture affect them just as much as heat and drought, wind, hail, snow and ice or exhaust fumes from traffic and emissions from heating systems and industry. The result is deposits and soiling; even moss, algae and fungi can take hold and cause lasting damage to the surface. Thanks to its gel consistency, PressurePro Facade Cleaner f and effectively removes soot, oil, grease and environr on with the tools from the Kärcher system solution for f

Order no.	4.767-232.0

Technical data		
EAN code		4054278101514
Max. Pressure	bar	180
Pressure	bar	max. 180
Temperature	°C	max. 60
Nozzle size		45
Connecting Thread		M 18
Colour		Black
Weight incl. packaging	kg	0.2

Up to 50 % higher cleaning and area performance than its predecessor

- Enormous time saving.

Minimised power losses and improved spray quality

- Improved cleaning power for removing stubborn dirt.

The rotating point jet on the rotary nozzle combines the advantages of a point jet and flat stream

- High cleaning power as well as high area performance.
