Application

Bucket method
For optimal moisture and a single-step wiping process, dip the mop fully into the cleaning water, allow it to absorb as much water as possible and then wring it out in the press.

Properties

- No direct skin contact with the used cover
- Simple: quick and easy change of the mop
- Efficient: the tufted loop system ensures direct fastening of the yarn to the backing layer and guarantees a long life of the mop
- High absorption capacity: the narrow structure of the yarn ensures a high area performance and saves water and detergent
- Powerful: the cleaning solution is evenly distributed on the floor which makes cleaning easier

Washing instructions

- Do not wash with other textiles
- Do not use bleach, softener or strongly alkaline detergents
- Washing or drying at high temperatures can negatively affects the durability
- Thoroughly rinse the textile before washing it
- Please do not dry in the dryer
