

IVR 100/24-2 SC H ACD

With a rated input power of 2.4 kW, the AC-powered IVR 100/24-2 Sc impressively vacuums combustible dusts and fine swarf. For use in non-explosive areas.

Order no. 9.990-646.0

- ACD - Applied for Combustible Dust

Technical data

EAN code		4066529115737
Number of current phases	Ph	1
Voltage	V	220 - 240
Frequency	Hz	50 - 60

Container emptying:	Set down chassis

ACD – Applied for Combustible Dust

- For the safe and economical vacuuming of combustible dusts.
- Conforms to the IEC 60335-2-69 standard.

Designed for high mechanical stress and versatile in use.

- With practical, movable suction hose port/pipe bend.
- With numerous options for accessory storage.
- The device and chassis are designed for industrial use due to their wall thickness.

Fitted with two very quiet fan motors

- For powerful suction power and optimum cleaning performance.
- Fans can be switched on separately for individual suction power as required.
- The drive head with a sound pressure level of 68 dB(A) ensures an even discharge of the cooling air.

FILTERS				
Pocket- / Star filters				
Bag filter 1.75 m², Kat. M, antistatic	2	9.981-680.0	Our efficient, acidic VehiclePro Rim Cleaner RM 800 is impressively effective at vehicle cleaning, while at the same time being gentle on the material. It is suitable for self-service washing stations and for use with spray units in commercial vehicle washes, forming an active cleaning foam that quickly and safely removes typical soiling such as brake dust, tyre wear, limescale stains or aggressive deposits of winter road salt. Its gentle properties not only protect the rims of cars and commercial vehicles, but also do not attack uncoated concrete floors or stainless steel wheel arches. The ingredients of the standard cleaner are 90 per cent biodegradable - surfactants contained are in accordance with EEC 648/2004. With a cleaning performance of about 400 rims per litre, the VehiclePro rim cleaner RM 800 is also highly economical and efficient.	■

Pre-separator lid DN 50, for 200 l drum	90	9.981-659.0	VehiclePro Brush Shampoo RM 811 Classic is suitable for use in vehicle wash systems and commercial vehicle washes. It reliably removes grease, oil, dirt caused by emissions and typical road dirt, and helps the brushes to slide, while also reducing their resoiling rate so they can keep working for longer. In addition, RM 811 Classic can also be used as an active foam and protects the vehicle paintwork. The economical brush shampoo is capable of cleaning up to 100 cars for every litre, and is designed to work with subsequent wax products to prevent streaks from forming on the paintwork. Surfactants contained in the formula are biodegradable according to OECD. What's more, it separates oil and water quickly in the oil separator.	☐
